ARE YOU READY?

2019 and the New GAAP Reporting Requirements

How The New Methodology Will Affect Your Bottom Line

ABC's Overview Seminar for contractors on the new Revenue Recognition standard will show you how your 2019 financials and therefore how your surety and banking capacity may be affected.

All contractors who require surety or bank credit or are prequalified in governmental programs (FL DOT, GSA, etc.) must be ready to ensure their 2019 financial statements are timely and properly completed.

Starting in 2019 The percentage of completion method is changed.

It's time to get ready.

Presented by

SHAVELL & COMPANY, P.A.

Certified Public Accountants and Consultants

Presenter

Rich Shavell, CPA, CVA, CCIFP

A leader in the South Florida construction financial community, Rich is a three time winner of South Florida Business Journal Awards for Accountants in the Construction, Tax, & Real Estate Categories.

Previously Rich has served as: Chair of the Legislative Committee of ABC's Florida East Coast Chapter; Chair of ABC's National Tax Advisory Group; and Chair of CFMA's National Tax & Legislative Affairs Committee.

As President of Shavell & Company, P.A., Rich helps contractors of all sizes with: financial statements; tax compliance and planning; business consulting, and other specialized financial services focused on helping contractors and clients "make more money and keep more of it."

In December of 2015, Richard Shavell presented testimony before Congress's House Small Business Committee on "Tax Extenders and Small Business as Employers of Choice." This testimony was the most recent of several before not only Congress, but the IRS as well.
